INTRODUCING

TRANSIT COMMERCIAL VEHICLES

Transit Custom

- 290S SWB and 340L LWB
- 2.0L EcoBlue diesel engine
- 6-speed Automatic transmission option*
- 96kW Power
- 385Nm Torque
- 5.95m³ – 6.83m³ Max Load Volume
- 1,035 – 1,387kg Max Payload
- Up to 2,800kg Braked Towing Capacity#

Transit Van

- 350L FWD/RWD, 350E RWD Jumbo and 470E RWD Jumbo
- 2.0L EcoBlue diesel engine available on 350L LWB FWD Van featuring 6-speed Automatic transmission as standard
- 125kW Power (on 2.0L EcoBlue)
- 405Nm Torque (on 2.0L EcoBlue)
- 11m³ – 15.1m³ Max Load Volume
- 1,025 – 1,823kg Max Payload
- Up to 3,500kg Braked Towing Capacity#

Transit Bus

- Seats up to 12 occupants
- Rear Privacy Glass
- Rear Air Conditioning
- Power Operated Side Steps
- 2.2L TDCi Diesel engine
- 114kW Power
- 385Nm Torque
- 2,500kg Braked Towing Capacity#

Transit Cab Chassis

- Single Cab and Double Cab
- Seats up to 7 occupants (on Double Cab)
- 2.2L TDCi Diesel engine
- 114kW Power
- 385Nm Torque
- 4,490kg Gross Vehicle Mass
- 3,159 – 4,149mm Frame Length
- 2,227 – 2,390kg Max Payload
- 3,500kg Braked Towing Capacity#

Built for Business

Ford Transit Commercial Vehicles are known for their reliability, loadspace, comfort and efficiency. With next-generation diesel engines available with 6-speed automatic* transmission and a choice of over 100 colours, they're ready for business. Your business.

Tested for Toughness

We ran vehicles at maximum speed for two months. Took them from -40°C to towing fully-laden trailers in 50°C heat. We opened and closed the doors and bonnet over 250,000 times. So if you need tough and reliable, the Transit Commercial Vehicles range has got what it takes.

*6-Speed automatic transmission available at additional cost on Transit Custom and standard on Transit 350L LWB FWD Van. *Over 100 colours are available at an additional cost. #Braked towing capacity when fitted with a Genuine Ford Accessory Tow Pack and Tow Ball subject to state and territory towing regulations.

TRANSIT CUSTOM

World class performance and efficiency are here. Introducing the Transit Custom, now with a next-generation Euro 6 certified 2.0L EcoBlue diesel engine and 6-speed automatic transmission available.*

This van is built for the city. It has the versatility to take on tight streets and the loadspace to keep your business moving.

Choose the nimble 290S SWB (Short Wheel Base) or the 340L LWB (Long Wheel Base) with its generous loadspace.

Intelligent tech, smart safety features and Transit Custom's legendary toughness, all come standard.

Sealed loadfloor liner with tie downs

The tough vinyl floor covering allows the floor to be washed and cleaned easily. The load compartment is also fitted with 8 tie-down loops to help keep your items secure and stable.

Overseas model shown.

Underseat stowage compartment

The front dual passenger seat cushion flips up to reveal a hidden compartment large enough to hold a toolbox.

Ample loadspace

There's no compromise in the most vital consideration for a working van: maximising your loadspace and the ease with which you can use it.

- SWB: 5.95 cubic metres of space
- LWB: 6.83 cubic metres of space
- Compartment tie down loops
- Sealed load floor
- Load compartment lighting

Up to 3.4 metre load length with load-through bulkhead

The Transit Custom can carry up to 3.4 metre* long items, thanks to the standard flexible load-through bulkhead.

CAPABLE AND CLEVER

Huge loadspace, impressive pulling power and a host of handy storage and stowing features make Transit Custom an indispensable working partner. And, because it's been tested to within an inch of its life, you know it will keep pulling its weight for years to come.

Ease of loading

The low cargo floor and sliding side door makes it easier to load and unload by hand. Plus, the double rear doors hold at both 90° and 180° open angles for easy forklift and pallet access.

Transit Custom 290S SWB Van shown with optional City Nav Pack.

*On manual transmission models when fitted with a Genuine Ford Tow Pack and Tow Ball subject to state and territory regulations. ^Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate in some driving and road conditions (including at certain speeds) or adverse weather. #3.4 metre load length on Transit Custom 340L LWB Van model.

TRANSIT

VAN / BUS / CAB CHASSIS

If you want a van that's dedicated to the job, then you need the Ford Transit. Van, Bus or Cab Chassis, every Transit is built to live up to your high standards.

Just look at the 350L LWB Front Wheel Drive (FWD) Van. It features a next-generation Euro 6 certified 2.0L EcoBlue diesel engine* and for the first time, 6-speed automatic transmission as standard:

Every one of the seven Transit models is tough, powerful and economical. They are versatile too, with two roof height options on select models:

Finally, every Transit has the legendary toughness, loadspace and smart tech for your mobile office.

Transit 470E Single Cab Chassis with aftermarket alloy tray (not included).

ANYWHERE YOU LIKE

Offering a variation in body styles and roof heights, there is a Transit Van, Bus or Cab Chassis to suit your needs. With Gross Vehicle Mass (GVM)* ranging from 3,550kg to 4,490kg, loadspace from 11m³ to 15.1m³ (on Van models) and optimum towing capability, the Transit is prepared for any challenge that comes its way.

Enhanced cargo space

Designed to maximise space, convenience and practicality, the Transit 350E and 470E Jumbo Van clearly mean business. Offering up to 15.1m³ of loadspace, room for up to 5 Europallets, it cuts even the biggest jobs down to size.

Transit 470E Jumbo Van shown.

13.3m turning circle

Transit Van, Bus and Cab Chassis feel car-like to drive, with power-assisted steering, a nimble 13.3m turning circle and excellent driver visibility, thanks to the large windscreen and side windows.

Towing ability

The Transit's appetite for hard work extends beyond its loadspace. The 470E Single/Double Cab Chassis and 470E Jumbo Van Dual Rear Wheel models have up to 7,000kg Gross Combination Mass (GCM) and can pull up to 3.5 tonnes of braked trailer load.*

*GVM is the total permissible combined weight of the vehicle including occupants, fuel and cargo. ^When fitted with a genuine Ford tow pack and tow ball. Subject to State and Territory regulations.

MORE EFFICIENT BY DESIGN

Combining high carrying capacity and maximum productivity, the Transit Van, Bus and Cab Chassis have the answer to all your transport needs. 12

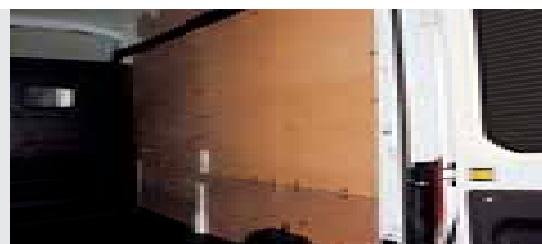

• 3,533mm and 4,256mm maximum load lengths* enable Transit Van to accommodate long cargo items such as pipes, carpet rolls and building boards.

• High-visibility decals reflect light when the rear doors are open at 90 degrees to warn other road users of the vehicle's presence after dark.

Transit 350L LWB RWD Van shown with optional high roof.

Load Area Protection Kit

Protect your Transit Van and your load. The tough load floor covering allows you to slide loads into the cargo area. It rises 100mm up to the sides, so the floor can be washed and cleaned easily. What's more, full height plywood load liner protection comes standard across the Van range. With wall-mounted tie down hooks and fixing points just above the floor, you've got a clear load floor.

Integrated rear bumper step

Rear bumper design incorporates an integral step for easy access to the loadspace.

Optimised loadspace and payload

The Transit Van delivers exceptional load capacity. Behind the fixed steel bulkhead, you'll find up to 15.1m³ of cargo space to fill.[†] The flat load floor and near vertical side walls help you make the most of all that space, with room to carry loads of up to 4,256mm* in length and up to 2,125mm* in height. Access to the load area is quick and easy too, thanks to a wide-opening sliding side door, full-height rear doors that can be opened to a full 270°, built-in DIN/ISO compliant tie-down hooks and fixing points that are mounted on the side walls.[‡]

[†]15.1m³ max load volume on 350E and 470E Jumbo Van models. Refer to the Dimensions and Weights specifications page for max load volumes on remaining Transit Van models. *Maximum load lengths: Transit 350L LWB FWD/RWD Van 3,533mm. 350E and 470E Jumbo Vans 4,256mm. [‡]2,125mm load floor to roof height on Transit 350L LWB FWD Van only. Refer to the Dimensions and Weights specifications page for load floor to roof heights on remaining Transit Van models. ¹On Van models only.

Transit 410L 12 Seat Bus

Space, comfort and convenience are at the heart of the Transit Bus 12 seater. The wide kerbside sliding door and passenger assist handles makes getting in and out especially easy. And that's just the start:

- Non-slip floor
- Easy entry power operated side step
- Offset single and double seat layout with straight aisle
- Second row seats incorporate ISOFIX child seating points with top tether mounts

Rear air conditioning

On the Transit Bus, a separate air conditioning system is available for the rear passenger compartment with its own rotary controls. Two foot-level outlets are also provided for each row of seats.

Power-operated side step

For safe and easy passenger access, a power-operated side step on Transit Bus extends automatically when the sliding door opens. When the door is closed, the step automatically retracts.

THERE'S A TRANSIT FOR YOU

Whether you're driving a big group or delivering a heavy load, we've got you sorted. There's the big 12-seater Bus, or the Cab Chassis in single or double cab.

Transit 470E Single Cab Chassis*

The Ford Transit Cab Chassis is a vehicle you can rely on when there's serious work to be done.

- Dual rear-wheel
- RWD
- Chassis frame length 4,149mm
- 4,490kg GVM
- 3 seats

Transit 470E Double Cab Chassis*

- Dual rear-wheel
- RWD
- Chassis frame length 3,159mm
- 4,490kg GVM
- 7 seats

Room for the largest crew

Transit Double Cab Chassis is a great solution for moving both crew and load at the same time. Wide-opening doors provide easy access to the spacious, well thought-out interior. While the dual front passenger seat and standard rear quad seat together offer comfortable accommodation for up to 7 occupants, including plenty of under-seat stowage possibilities.

Impressive 3.5 Tonne Towing^

Make light work of tough challenges. The Transit Cab Chassis has a massive 3.5 tonne towing capacity^ to help carry your load.

INNOVATION COMES STANDARD

TRANSIT COMMERCIAL VEHICLES

We're passionate about the performance of your vehicle, and your business.

That's why we went further with a next-generation 2.0L EcoBlue diesel engine, and available 6 speed auto transmission* in the Transit Custom and Transit 350L LWB FWD Van.

We also went further with advanced safety technology and intuitive voice-activation. And because everyone is different, we've taken customisation to the next level, including a choice of over 100 optional colours†.

**Advanced 2.0L EcoBlue Engine**

Get even more power with the next-generation, Euro 6 certified high performance 2.0L EcoBlue diesel engine available on Transit Custom and Transit 350L LWB FWD Van models. It's not just improved power and torque, we've also raised the bar on efficiency and emissions standards.

Capable 2.2L TDCi Engine

On Transit Van, Bus and Cab Chassis models with manual transmission, experience the proven and highly capable performance of the 2.2L TDCi engine delivering an impressive 114kW of power and 385Nm of torque.

6-Speed Auto

For the first time, a versatile and smooth 6-speed Automatic transmission* is available on Transit Custom and Transit 350L LWB FWD Van.

NEXT GEN ENGINE, NEXT LEVEL THINKING

Standard across the Transit Commercial Vehicle range is smart design that maximizes productivity and minimizes running costs. From hard wearing, durable parts to fuel efficient engines, Transit helps your business keep costs to a minimum.

High-mounted headlights

Powerful projector-style headlights are located safely out of harm's way.

Multi-piece rear bumper

Smart multi-piece rear bumper assembly helps to keep repair costs low.

Tested for endurance

Extensive testing included a two-month maximum speed test and demanding low-speed city drive cycles to imitate typical unforgiving delivery schedules.

Wide bodyside mouldings

Tough bodyside mouldings help to protect your van from accidental damage.

Transit 350L LWB RWD Van shown.

Overseas model shown.

Auto-Start-Stop

When your vehicle is idling at a standstill, the engine can automatically shut down* to help improve fuel consumption. When you want to drive off, the engine immediately restarts.

**Shift Indicator**

The intelligent indicator advises you when to change gear for maximum fuel efficiency.

**Ford EcoMode driver information system**

This smart software monitors your driving style and tells you when you're achieving optimal fuel efficiency.

Driving with AdBlue®

To operate, the 2.0L EcoBlue diesel engine must be filled with AdBlue® fluid which is designed to convert harmful NOx exhaust emissions into Nitrogen and water. Systems warnings illuminate when fluid level becomes too low. For more information, please discuss with your Ford Dealer.

*Auto start-stop deactivation will not occur in all situations. *6-speed automatic transmission available at additional cost on Transit Custom and standard on Transit 350L LWB FWD Van.

Transit Custom 290S SWB shown with optional City Nav Pack.

Handles everything with ease

Transit Commercial Vehicles are built for demanding city work. Advanced suspension mounting bushes and brackets enhance its already legendary ride and handling.

MAKES WORK A PLEASURE

Whether Transit Custom, Van, Bus or Cab Chassis, there's a range of intelligent features to help lighten the load. Car-like comfort makes work a pleasure, while high-quality materials gives a premium feel without compromising everyday practicality.

Overseas model shown.

A great working environment

It's easy to find the ideal driving position with a ten-way adjustable driver's seat and a steering wheel that adjusts to height and arm length. The allergy-friendly materials of the interior and high-performance pollen filter will keep you breathing easy. And the cruise control's Adjustable Speed Limiting Device allows you to set a maximum speed that you do not wish to exceed (deactivated on full acceleration).

Heated seats

Combat the cold mornings throughout winter with the push of a button. Heated seats come standard across the Transit Commercial Vehicles range for the driver and front passenger.

Ford SYNC® with Voice Activation#

The advanced software of Ford SYNC® lets you use detailed voice commands when making calls or playing music. Automatic phonebook downloading puts you in control without taking your eyes off the road, plus your compatible iPod,™ MP3 player or USB device seamlessly integrates with the audio system.

Upgrade to SYNC®3#

From SatNav to Spotify* you can voice control so much more with the innovative SYNC®3 system. Now available for the first time ever in a Transit as part of the City Nav Pack Auto Option on the Transit 350L LWB FWD Van.#

Power mirrors

Electrically-operated and heated with large adjustable spotter lens. Perfect for parking in tight spaces or driving through narrow lanes.

Fold-out table and underseat stowage compartment

The front dual passenger seat features a fold-out table and an underseat stowage compartment large enough to hold a toolbox.

Overseas model shown.

Cleverly designed storage

Transit Commercial Vehicles are equipped with plenty of handy in-cab storage areas to keep your items safe, including a full-width overhead stowage shelf. There's also a cleverly concealed storage compartment above the instrument cluster with power point, AUX and USB ports.

*Requires phone compatible with Spotify app, additional data services and equipment. -iPod is a trademark of Apple Inc. See ford.com.au for iPod compatibility. #Not all SYNC® and SYNC®3 features are compatible with all phones. For compatibility, see ford.com.au/sync. SYNC®3 is part of the City Nav Pack Auto Option only available at additional cost on Transit 350L LWB FWD Van.

**Reverse camera***

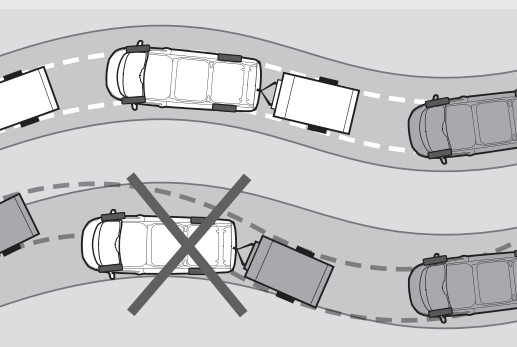

The optional City Nav Pack offers a reverse camera, providing a wide-angle view behind the vehicle to help you see what – or who – is behind you when reversing.

**Available front and rear parking sensors***

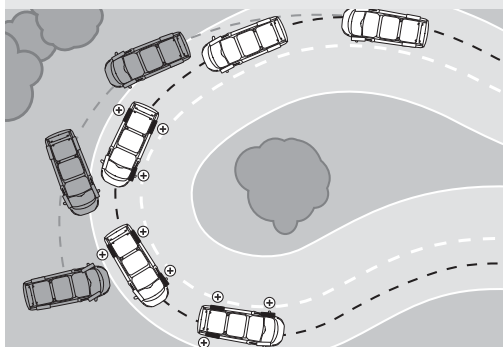

An audible warning helps you judge the distance between your vehicle and obstacles at the front and rear, for easier parking and manoeuvring.

Trailer Sway Control^

When it detects trailer sway, the system is designed to reduce engine torque and apply the brakes to the appropriate wheel(s) to help restore control.

**Dynamic Stability Control (DSC)^**

DSC is designed to help you maintain control in extreme driving conditions. It senses when you are deviating from your chosen line and aims to keep you on track by automatically regulating braking and engine output.

**Traction Control^**

If wheel slip is detected at low speed, Traction Control is designed to mitigate wheel spin by reducing engine torque and applying brake pressure.

Emergency Brake Assist^

Designed to recognise an emergency braking situation and increase the pressure within the braking system to provide extra stopping power.

Emergency Brake Warning

Front and rear indicators automatically flash during heavy braking, giving other drivers advance hazard warning.

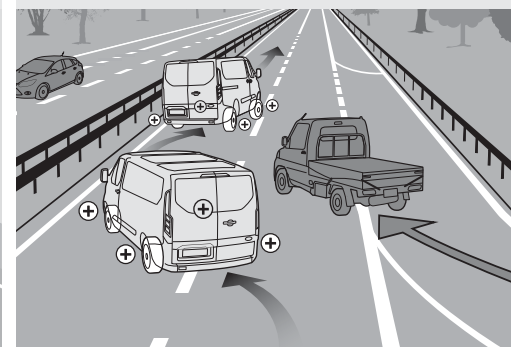

Transit Custom 290S SWB Van shown with optional City Nav Pack.

COMFORT AND PROTECTION INSIDE AND OUT

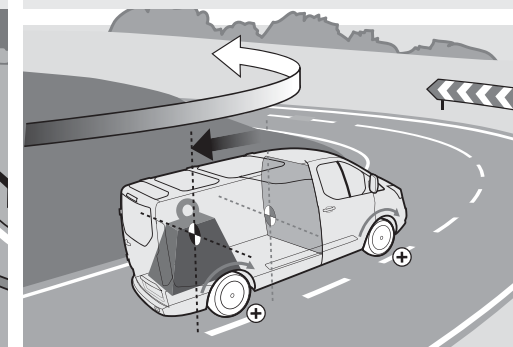

Every model in the Transit Commercial Vehicle range has your safety in mind. A full line up of passive and active safety and driver assistance features make use of the latest technology to help provide comfort and protection to the driver, passengers and cargo.

Roll-over Mitigation^

Reacts to a potentially dangerous driving situation by activating the DSC to restore stability.

**Load Adaptive Control^**

Load Adaptive Control is designed to adjust the responses of the DSC system to compensate when the vehicle is unladen, partially or fully-laden.

**Six Airbags Standard**

All Transit Commercial Vehicles feature airbags positioned at the front, on both sides and at the head to enhance protection of the driver and front passengers in the event of an accident.

*Reverse Camera is a part of the optional City Nav Pack available at additional cost. Not available on Transit Cab Chassis. #Front and rear parking sensors available as part of the optional City Nav Pack for an additional cost. Not available on Transit Cab Chassis. ^Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate in some driving and road conditions (including at certain speeds) or adverse weather.

CUSTOMISATION FOR EVERY BUSINESS

Upskill your Transit Commercial Vehicle to suit your business. There's the latest tech pack, the largest range of colours, and load capability upgrades. Whatever you need, there's a customisation pack to match.

Rear Liftgate Door#

Smart and sophisticated by design, the optional rear liftgate door# lets you load and unload, even in the rain. Available only on Transit Custom.

Dual Side Load Doors#

When the clock's ticking, easily access your cargo from both sides with versatile dual side load doors.# Available on Transit Custom and Transit 350L LWB Van (Mid-roof).

Single Passenger Seat#

(In lieu of dual front seats)
Maximise your front cabin space with the single passenger seat# option. Available on Transit Custom, Van and Bus models.

Available in over 100 colours#

Your brand reflects your business. Let your Transit Commercial Vehicle also match your business. Only Ford gives you a choice of over 100 paint colours:# It'll be factory sprayed to the highest standards, so you get to keep your Ford Factory Warranty. Now available on all Transit Commercial Vehicle models.

City Nav Pack#

Get the good tech. The City Nav Pack option# offers larger display screens,^ SatNav, front and rear parking sensors, reverse camera and more. For the first time, the innovative SYNC^3 system is available as part of the City Nav Pack Auto.*

Transit Custom (left) shown with Rear Liftgate Door, Dual Side Load Door, City Nav Pack and SVO Paint options. Transit 350L LWB RWD Van (right) shown with SVO Paint option. The aforementioned options are available on select models at additional cost.

#Rear Liftgate Door, Dual Side Load Doors, Single Passenger Seat, SVO Paint, City Nav Pack, City Nav Pack Manual and City Nav Pack Auto are available on select models at additional cost. Refer to the vehicle specifications pages for full details. ^5.0" screen available on City Nav Pack and City Nav Pack Manual. 6.0" screen available only on City Nav Pack Auto. *Optional City Nav Pack Auto available only on Transit 350L LWB FWD Van at an additional cost.

1. Maximum load volume method simply measures the volume of a fine-grained material such as sand or rice which can be deposited into the loadspace. 2. Loadspace shown as VDA (measured in cubic metres) measures volume in cubed litre blocks. 3. Kerb Weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo and with all standard equipment. Additional weight of optional features must be taken into account when calculating kerb weight. 4. Subject to State and Territory regulations. Payload is defined as the Gross Vehicle Mass minus the kerb weight. Payload is the maximum combined value of occupants, cargo, added options, added structures and tow ball download (when towing). GVM must not be exceeded. 5. Braked towing capacity when fitted with a Genuine Ford Tow Pack and Tow Ball, subject to State and Territory towing regulations.

16" alloys wheels^{1, 2}

Stylish alloy wheels to complement your Transit Commercial Vehicle's modern design.

Rear window protection grille

Grille fixes to the inside of rear windows for enhanced security without obscuring rearward vision.

Rear Door Ladder Kit

On Transit Custom, the Rear Door Ladder Kit provides easy access to the roof.

1. As a replacement for standard 16" steel wheels only. 2. 16" Alloy Wheels are not available on Transit Custom 290S manual transmission models. 3. This accessory is a Supplier Branded Accessory and is not manufactured or warranted by Ford. The warranty is provided by the manufacturer of the accessory. The information in this document relating to this accessory is based on information provided by the manufacturer of the accessory. 4. Refer to the Dimensions & Weights specification page for full details and limitations of vehicle towing capacities. To comply with these limits, occupants and/or luggage may need to be restricted. For further details regarding passenger and luggage requirements, please consult your authorised Ford Dealer for details and/or refer to the owner's manual under "Trailer Towing" for further guidance. Towing is subject to State and Territory regulations.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully, too.

Sustainability

Using advanced technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Safety

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to help protect you.

Smart

Vehicles with smart, intuitive technologies designed to connect you to your world and many clever solutions that make life a little easier.

Speak to your Ford Dealer today about how we can help you make the most out of your vehicle ownership experience.

Warranties & Service.

3 year/100,000km new car warranty.#

For three years or 100,000km, whichever comes first, your Ford is covered against any defects in factory materials or workmanship. This also applies to Genuine Ford Accessories you may have had fitted before you took delivery.

5 year warranty against perforation corrosion.#

It's reassuring to know that the original body of your gleaming new Ford is guaranteed against perforation corrosion for the first five years of its life. If perforation corrosion occurs, we'll fix it for free.

myFord Warranties and Insurance.

When you first turn the key of your brand new Ford you want to do so without a care in the world. Our range of myFord products gives you that extra peace of mind. For more information about myFord Warranties and Insurance, visit your participating Ford Dealer for further details on the plans that best suit your needs. Terms, conditions and eligibility criteria apply.

Vancare Roadside Assistance.#

Our commitment to your complete satisfaction plays a major role in everything we do. That is why we provide Ford Vancare Roadside Assistance for all Ford Transit Commercial Vehicle Customers. Wherever and whenever you need emergency roadside assistance, help is available 24 hours a day, 365 days a year.

If your vehicle breaks down and cannot be repaired, we will organise to transport your vehicle to the nearest Ford Dealer or approved service centre for repair. Ford Vancare Roadside Assistance is valid for 1 year from the vehicle's first registration.

12 months/15,000km service intervals. (2.2L TDCi Diesel Models)

On Transit Van, Bus and Cab Chassis models built with the 2.2L TDCi Diesel engine, under normal driving conditions, service intervals are 12 months or 15,000km, whichever occurs first.

12 months/30,000km service intervals (2.0L EcoBlue Diesel Models)

On Transit Custom and Transit 350L LWB FWD Van models built with the 2.0L EcoBlue Diesel engine, under normal driving conditions, service intervals are 12 months or 30,000km, whichever occurs first.

FORD SERVICE

At Ford, we are committed to providing an outstanding ownership experience. For example, we think you should always know what you're going to pay for a standard service, before you go in. So we offer a Service Price Promise for the life of your car, which means we'll publish the maximum price you'll pay for your next A or B logbook service at participating Authorised Ford Dealers on all vehicles built from 2007.

However our service doesn't end at the service garage. At participating Dealers, eligible customers will even have access to a loan car included with any scheduled service. Why do we do all this? Because at Ford, we think that's what service should be.

For more details visit your participating local Ford Dealer or visit ford.com.au/service/t-and-c for full terms and conditions.

#Conditions and exclusions apply. For more information consult your authorised Ford Dealer.

This brochure details specifications and features of the Transit Commercial Vehicle Range. Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions. Not all features will be available on the entire Transit Commercial Vehicle Range. Please visit our website www.ford.com.au for more information.

This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Image and illustrations are for information purposes and are indicative only. Because of changes in conditions and circumstances Ford* reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of features and optional equipment. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
