Please note: changes may have been made to the product since this publication went to press (May 2020). The manufacturer reserves the right to make changes to the design, form, colour, and specifications to the vehicles or optional equipment without notice, including during the delivery period. The illustrations and texts may include accessories and items of special equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. The images shown are to be considered examples only and do not necessarily reflect the actual state of the original vehicles. The appearance of the original vehicles may differ from these illustrations. Subject to change. This publication may also contain models and services which are not available in certain countries. This brochure is distributed internationally. It provides a general indication of the range of models, features, special equipment and/or colours available in various countries. Some of the models, features, special equipment and/or colours may not be available in your country, or may only be available in a different specification. Additionally, some models, features, special equipment and/or colours may only be available in combination with others. Some equipment depicted either on vehicle illustrations or separately may be non-standard or options and may, where applicable, be available at an additional cost. For current and more specific information on the availability, design features and prices of all models, features, optional extras and/or colours available in Australia or New Zealand, you should contact your authorised Mercedes-Benz Truck Dealer on 1800 033 557 or go to https://www.mercedes-benz-trucks.com/en_AU (Australia), or https://www.mercedes-benz-trucks.com/en_NZ (New Zealand).
