

ALL NEW  
**CELERIO**

Way of Life!

# The extra large small car

The all-new Suzuki Celerio is the small car full of things you expect in a large car. It's light, agile and economical enough to be a great, quick city runabout, but boasts the interior design, modern features and storage capacity to be so much more. Loaded with Suzuki small-car know-how, the Celerio is perfectly suited to the urban environment.

## Extra roomy

Seating four adults comfortably, the cabin of the Celerio has been designed to maximise interior space and comfort. It has ample head and legroom so whether you're taking an extra passenger or just taking in your surroundings, the Celerio has the space you need.

## Extra refinement

The spacious cabin of the Celerio is complemented by an intelligent design that puts everything within easy reach. Its just-right seat height means getting in and out with ease, which is made even simpler with remote keyless entry. The Celerio also comes with a range of standard features like air conditioning and a Bluetooth® audio system, all designed to make your drive as fun as it is easy.

Easy to read instrument panel

Audio system with Bluetooth®

Air conditioning is standard

Tilt-adjustable steering wheel

# Extra space

With the Celerio having a huge 254L of storage space you no longer have to leave anything behind, except your idea of what a small car is. And, because we know there's no such thing as an 'average' load, the rear seats can be folded into a variety of configurations so you can make the most of that storage space.

**LUGGAGE CAPACITY 254L**  
Measured using the German Association of Automotive Industry (VDA) method.

### Massive Luggage Space

The Celerio offers more than enough luggage capacity to fit your lifestyle, including convenient hooks for holding shopping bags in place. With rear seats offering a variety of configurations, you can fit large and odd shaped cargo.

### Lots of storage for more

# Extra mileage

Filling up your Celerio doesn't mean emptying your wallet. The 1.0 litre petrol engine means you'll only go through 4.7L of fuel per 100km\*, and fuel economy is further enhanced through its aerodynamic design. The Celerio is available in two transmissions, an automatic Continuously Variable Transmission (CVT) and a 5 speed manual transmission that helps save fuel by minimising torque loss.

Fog lights and alloy wheels available as optional extras.  
\*ADR 81/02 results.

## K10B Engine

The K10B 1.0 litre petrol engine is the perfect mix of power and efficiency. Not only do you get to enjoy the quick, spirited drive thanks to weight-reducing innovations of the engine, mounts, radiator and fuel tank, you receive better overall fuel performance.

## Continuously Variable Transmission

The CVT incorporates an auxiliary gearbox that increases gear ratio range for a good balance between acceleration performance from a standing start and fuel efficiency at high speeds.

## New 5-speed Manual Transmission

A new 5-speed manual transmission provides comfort in traffic and smooth acceleration through all five gears. Numerous innovations help save fuel by minimising torque loss.

## Aerodynamics

Thanks to computer-aided engineering systems and wind tunnel testing, the exterior line and underfloor airflow are optimised.

# Extra easy

Whether it's a quick run to the shops or helping a friend move house, the Celerio is perfect for the task. At only 3.6m long and with a 4.7m turning circle, it can negotiate tight streets and fit into spaces the others can't. And because you sit higher than most, spotting those spaces becomes that bit easier as well.

Fog lights and alloy wheels available as optional extras.

A high seating position and large windows offer excellent visibility, especially helpful when driving in crowded city streets.

## Compact dimensions

Small on the outside, yet large on the inside. The Celerio's easy-to-handle compact dimensions also provide plenty of interior space.

## Minimum turning radius

The Celerio's compact turning radius makes navigating even tight city streets effortless.

## Newly developed front and rear suspension

The suspension has been designed with ride comfort and handling in mind. Beyond achieving great performance, the Celerio also incorporates weight and space-saving innovations.

Front

Rear

14-inch alloy wheels\*

14-inch steel wheels with full wheel cap

## Brakes

Enhancements to pedal ratio and booster properties optimise pedal force for smooth braking, while innovative weight-reduction measures contribute to fuel saving.

## Wheels and Tyres

14-inch alloy wheels\* give the vehicle a ground-hugging look, while 14-inch steel wheels with full wheel cap smooth the airflow along the side of the body. All wheels are equipped with low rolling resistance tyres, these achieve improved fuel efficiency without sacrificing grip, wear life or stopping distance.

\*Available as optional extra.

# Extra peace of mind

The Celerio is a small car that takes an extra large approach to safety. The impressive list of features includes 6 airbags, Electronic Stability Control (ESC) and Suzuki's Total Effective Control Technology (TECT). Plus, the Celerio has advanced braking technology such as ABS with EBD and BA, making the Celerio as safe to drive, as it is fun.

## Airbags

The Celerio contains six airbags which include dual front, side and curtain airbags. These minimise the impact to driver and passengers in the event of a collision.

## Anti-lock Brake System (ABS)

In an emergency braking situation, an Anti-lock Brake System (ABS) keeps tyres from locking up and adds stability to evasive manoeuvres. In addition, Electronic Brake force Distribution (EBD) helps maintain control by sending the optimum amount of force to the front and rear wheels.

ABS is a device that assists the driver during braking. It does not eliminate the need to drive safely, for example by slowing down when approaching a corner.

## High-rigidity, Low-weight Body

Making effective use of high-tensile materials, Suzuki Total Effective Control Technology (TECT) realises a high-rigidity, low-weight body that improves collision safety.

## Electronic Stability Control

The Celerio is equipped with Electronic Stability Control (ESC) technology. This advanced safety feature helps the driver maintain control of the vehicle.

ESC is a computer-controlled technology which uses in-built sensors to automatically apply braking to individual wheels and modulates engine power to help restore correct road alignment as soon as any loss of vehicle control is detected.

Fog lights and alloy wheels available as optional extras.

# Suzuki Genuine Accessories

✓ **KEEP it REAL!**

## EXTERIOR

**Front under spoiler** 990N0-84M01  
Give your Celerio an imposing road presence and a sporty European feel with this stylish front under spoiler.

**Side under spoiler** 990N0-84M02  
Side under spoilers add an exciting, road-hugging look to the Celerio side profile.

**Rear under spoiler** 990N0-84M03  
Create that unforgettable profile by adding the rear under spoiler to the underside of the rear bumper.

**Roof edge spoiler** 990E0-84M05  
Give your Celerio that sporty, racing-inspired style.

**Mud flap set** 72201-84M00-BLK  
Protect your Celerio from road debris with a set of 4 moulded, rigid mud flaps.

**Fog lamp kit DRL kit** 990E0-84M51 990AA-10121-002  
Increase the visibility and safety of your Celerio (DRL not shown).

## INTERIOR

**Carpet floor mat set** 75901-84M60-PU4  
5 piece floor mat set featuring Celerio logo. Includes pair of driver's side locking fasteners.

**Front seat covers Rear seat covers** 990AA-01124-001 990AA-01124-002  
Fabric covers to protect your seats.

## PROTECTION

**Bonnet protector** 990AA-00324-001 /SMK  
Avoid damage to your front end with this custom-fit bonnet protector. Available in Smoke or Clear.

**Slimline weathershields** 990AA-00224-001/002  
Keep out the wind and rain with durable window visors. Available for front or rear.

**Side body moulding** 990E0-84M08-SCR  
Protect your paintwork from marks and dents with this set of four durable black body side mouldings.

**Reverse parking aid** 990AA-24JR1-XXX  
Assists you in accurately judging your vehicle's distance to obstacles when parking or reversing.

## CARGO

**Bumper protection** 990E0-84M57  
Protects your bumper loading edge from scratches.

**Cargo tray** 990E0-84M15  
Keep your interior boot area clean with this lightweight all-weather luggage tray.

**Cargo mat** 990E0-84M40  
High quality carpet mat with Celerio logo to protect your luggage.

**Roof racks** 990AA-00724-001  
Carry a bike or set of skis (up to 25kg) with easy-to-install lockable roof racks.

## WAY OF LIFE!

Suzuki has built a reputation for engineering innovation. Whether it's high performance cars, motorcycles or marine engines, Suzuki is constantly evolving to meet our drivers' changing demands. We pride ourselves on building stylish, versatile vehicles that live up to the Suzuki stamp of quality, originality and reliability. The new Swift is a shining example of this philosophy.
